Team members present:

- Trần Minh Hiệp
- Lê Hồ Bảo Nhật
- Nguyễn Thiện Hoàng Trí
- Ninh Trần Hoàng Quân

Team members absent:

- None

What went well:

- Gaining from previous experience, we all read and understood PA2 requirements thoroughly beforehand so our meetings and execution phase went well and seamlessly.
- Everyone did their task smoothly, without having any trouble.
- PA2 was completed on time.
- Everyone was happy with their assigned tasks.
- We have decided our final tech stack for the project - the MERN stack.

What we can improve in the next sprint:

- We will focus on more training for our team on web programming, project managing and code collaborating on github.

What we studied from this sprint:

- Know how to distribute our time more efficiently to do the assigned tasks.
- Know how to assign works more equally.
- Know how to hold a meeting better.
- Know about Use-case model and specifications and its benefits for us in doing the project.
- Have a better understanding of our project.

Summary:

- Got all necessary files double checked and ready for submitting.
- We're going to bring the advantage of what we did well in this sprint to the upcoming PA3, while also trying to improve what we still struggled with.
- Prepare for planning meeting for PA3
